

Declaration of Board term

Explanation

A board grant can be applied for either in advance or retrospectively. A conditional board/medezeggenschaps grant can be applied for during the first month of the board year. In order for a conditional board grant to be transformed into a definitive grant, this statement must be submitted after the end of the board year until no later than February 1 of the following year to confirm that the board year has been successfully completed.

The application for a definitive board grant can be submitted from September 1 to February 1 of the year following that in which the board/medezeggenschaps position was exercised. This statement should be submitted as proof that the board/medezeggenschaps year has successfully been completed.
