

Description of Accessibility to the Honours College

You can find us when you enter the Academy Building via the main entrance or side entrance.

Main entrance (stairs only):

Turn left via the main entrance until you reach the A-lounge (see map, the A-Lounge is the Coffee Corner on the ground floor). Cross the hall to the Honours College (recognisable by the letters above the door). This can also be seen on the map. Go through the doors and take the elevator or the stairs to the second floor. There you can find the entrance to the Honours College.

Side entrance (elevator and stairs available):

You can also enter the Academy Building via the side entrance. The side entrance can be found on the left side of the building (when facing the main entrance), opposite the library. You can go past the barrier for cars to enter the parking lot. Two parking spaces for persons with disabilities are located there. If you wish to use a parking space, please contact the reception via this phone number 050 363 5250. During working hours the side entrance will open automatically, outside working hours you will have to press the bell first to be let in.

Both the elevator and stairs can be found immediately after entering the side entrance, you will come across the elevator on the right. You can use these to get to the ground floor. Here you turn left at the A-Lounge (see map, the A-Lounge is the Coffee Corner on the ground floor). Then cross this hall to the Honours College (recognisable by the letters above the door). This can also be seen on the map.

Go through the doors and take the elevator or stairs in the staircase to the second floor. There you can find the entrance to the Honours College. Please contact us when assistance is needed. You can contact us through phone 050 363 9370 and email honours@rug.nl.
