Study association G.T.D. Bernoulli

Are you a future RUG master student in Chemical Engineering? Then G.T.D. Bernoulli is the study association for you! Throughout your study career, Bernoulli provides a host of services to help you make the most of your studies. This is done on all levels, from arranging study support sessions for notoriously hard courses to visiting chemical plants for job orientation. Bernoulli is also a great place to meet fellow students as we organize a vast variety of social events!

Educational

Some courses are harder than others! To help students, Bernoulli offers course summaries, but also organizes some helpful events:

Support sessions

- Taught by experienced students
- Access to practice exam database
- Study with fellow students

Yearly symposium

- Discusses a hot-topic in the field
- Offers contact with companies
- Network with chemical engineers

Career

Besides study support, Bernoulli also sets you up for life after your study with valuable career-focused events:

Excursions

- Visit chemical engineering sites in the Netherlands
- Close look at real industrial processes
- Study real-life cases

Lectures from companies

- Insights into company perspectives
- Interaction with real chemical engineers
- Networking opportunities

Social

Last but not least, Bernoulli also helps you socialize, relax and have a good time with a wide variety of social events:

Regular happenings

- Daily coffee hour with free coffee and cookies
- Weekly drink to celebrate the weekend every friday. Free drinks once a month!
- Bernoulli also organizes trips abroad! In 2018 a trip to Brazil was organized to visit companies, universities and nice beaches. The next study trip to South Africa will take place in 2021!

Examples of organized events

- Dinners at restaurants
- Go-karting races
- Cooking and cocktail workshops
- Paintball
- ... and many more!
