Teaching and Examination Regulations (OER)

Part B - Master's degree programme in:

**LINGUISTICS
(croho 60817)**

Research Master's tracks

- **Language & Cognition**
- **Language and Communication Technologies**

for academic year 2019-2020

Content:

- 1. General provisions**
- 2. Admission**
- 3. Content and structure of the degree programme**
- 4. Tests and examinations of the degree programme**
- 5. Transitional and final provisions**

Section 1 General provisions

Article 1.1 – Applicability

These Regulations comprise two parts – Part A and Part B. This degree programme-specific Part B accompanies Part A, which contains general provisions which apply to the teaching, examinations and final assessments of the Master’s degree programmes provided by the Faculty of Arts, hereinafter referred to as **the Faculty**. Part B contains degree programme-specific provisions which apply to the degree programme in **Linguistics**.

Section 2 Admission

Article 2.1 – Entry requirements

1. Students with a Dutch or foreign certificate of higher education that indicates that they have the following knowledge, understanding and skills will be admitted to the degree programme:
 - a) a BA degree in Linguistics or another BA degree with a substantial linguistics component in addition to satisfying the following entry requirements:
 - b) sufficient knowledge of English to be able to follow the degree programme successfully (see Article 2.2)
 - c) sufficient knowledge, understanding and skills in the academic disciplines relevant to the degree programme, as shown by a list of grades, sample academic papers, and reference letters.¹

Article 2.2 – Language requirement for foreign certificates

1. Students who have been admitted to a degree programme on the basis of a foreign certificate or degree may be asked by the Admissions Board– before registration – to pass an English language test, to be administered by an agency stipulated by this Board.
2. The English language proficiency requirement will be met by passing an examination in English at the level of the VWO final exam, or by passing the TOEFL iBT with a score of at least 100 (with at least a score of 25 on the component ‘writing’) or an IELTS score of 7 or above with at least a score of 6.5 on all separate components.

Article 2.3 – Admission to Research Master’s tracks

In addition to the provisions of Article 2.1, the following admission requirements apply to the various Research Master’s tracks in this degree programme: Admission to the LCT track is delegated to the local program coordinators of the various partner universities that participate in the Erasmus Mundus LCT programme.

Article 2.4 – Registering for the admissions procedure

Students register for the admissions procedure by submitting the following documents:

- a completed registration form
- a curriculum vitae
- an overview of the results achieved so far within the Bachelor’s degree programme and/or other university degree programmes
- a letter outlining the prospective student’s motivation for selecting the programme and Research Master’s track, including his or her expectations and interests
- if possible, written results of previous research, such as academic articles or a Bachelor’s thesis

¹ Sufficient knowledge, understanding and skills means that in the opinion of the Admissions Board, the student will be able to follow the programme without credit points having to be reserved to make up a shortfall in subject mix.

- two personal recommendations from relevant experts²
- other documents, if available, which in the opinion of prospective students will highlight their eligibility for the programme and Research Master's track.

Article 2.5 – Admissions procedure for the degree programme

1. Bearing in mind the admissions procedure for the degree programme and the Research Master's track within the meaning of Article 2.1.1, the Admissions Board will assess the knowledge and skills of the candidate. The Admissions Board will assess the written documentation and determine whether the prospective student can be admitted directly to the programme and the Research Master's track. In the event of doubt, the student will be invited to an admissions interview. The interview will be based on the submitted written documentation and may comprise an approx. 15-minute presentation on an academic subject related to the chosen programme.
2. If, on the basis of the submitted documentation, the Board is of the opinion that the student does not qualify for admission and that there is therefore no need for an interview, the student will be notified accordingly before 15 June. This is a *provisional* decision only. Prospective students may still request an interview, provided they do so within 15 working days. If prospective students do not avail themselves of this option, the provisional decision will become *definitive*. In the case of prospective students who are granted an interview, a formal decision will not be made until after the interview has taken place. Rejections will in all cases be substantiated in writing. Students who have been interviewed will be notified by 15 July whether or not they have been accepted.³
3. Students who have not yet obtained their Bachelor's degree at the time of the selection procedure but who would normally do so before the Research Master's degree programme begins may be granted provisional admission. Actual admission is based on two conditions: they a) obtain their Bachelor's degree in time and b) receive a mark for the BA thesis with the required level to follow the Research Master. The BA thesis must be an 8 (or an equivalent thereof) or higher.
4. Students who already have a relevant university Master's degree may also apply for admission to the degree programme and the Research Master's track. The procedure as set out above will also apply to them. If they are admitted, the Board of Examiners will decide whether they can be granted exemptions on the basis of that Master's degree (up to a maximum of 60 ECTS credit points).

Article 2.6 – Application and selection schedule

1. The entrance examination will be held twice a year. The Admissions Board will decide on admission before 15 June for a start in the first semester, or before 15 December for a start in the second semester. Requests for admission to the degree programme and the Research Master's track starting in the first semester must be submitted to the Admissions Board before 1 May (for EU students and non-EU students). Requests for admission starting in the second semester must be submitted to the Admissions Board before October 15.
2. The Admissions Board may decide to consider a request at a time other than that referred to in article 2.6.1.
3. Admission will be on condition that the candidate has satisfied the requirements set out in Article 2.4 concerning knowledge and skills by the starting date of the degree programme at the latest, supported by certificates from the degree programmes followed. The written admission statement will include information for the student about the possibility of an appeal to the Board of Appeal for Examinations.

² These are written reports from people recognized as experts by the Admissions Board that present a useful and reliable picture of the student's eligibility for the degree programme.

³ Proof of admission is discussed in Article 7.30b of the Higher Education and Research Act.

Section 3 Content and structure of the degree programme

Article 3.1 – Student workload

1. The degree programme has a student workload of 120 ECTS.
2. The student workload is expressed in whole ECTS credit points.

Article 3.2 – Learning outcomes of the degree programme

<i>Description of Master's level according to the Dublin Descriptors</i>	<i>Learning outcomes of the Research Master's Programme in Linguistics</i>
<p>Knowledge and understanding Have demonstrated knowledge and understanding that is founded upon and extends and/or enhances the level that is typically associated with Bachelor's level, and that provides a basis or opportunity for originality in developing and/or applying ideas, often within a research context.</p>	<p>A Master Degree in Linguistics is awarded to students who:</p> <p>1.1 have general knowledge and understanding of several subdisciplines in linguistics, their interpretations, methodologies and techniques</p> <p>1.2 have a thorough knowledge of at least one theoretical and methodological approach within linguistics</p>
<p>Applying knowledge and understanding Can apply their knowledge and understanding, and problem solving abilities in new or unfamiliar environments within broader (or multidisciplinary) contexts related to their field of study.</p>	<p>2.1 be able to formulate an academic problem independently, and in so doing, to select, apply and where necessary adapt an adequate theoretical framework and one or more relevant research methods</p> <p>2.2 be able to make an original contribution to knowledge in at least one subdiscipline in linguistics</p> <p>2.3 be able to independently formulate a research proposal</p>
<p>Making judgements Have the ability to integrate knowledge and handle complexity, and formulate judgements with incomplete or limited information, but that include reflecting on social and ethical responsibilities linked to the application of their knowledge and judgements.</p>	<p>3.1 to make use of the research results of others and evaluate these critically</p> <p>3.2 be able to make connections between their own specialist knowledge of a subdiscipline of linguistics and other subdisciplines of linguistics or and other related disciplines, for example, psychology, neurology or information science</p>
<p>Communication Can communicate their conclusions, and the knowledge and rationale underpinning these, to specialist and non-specialist audiences clearly and unambiguously.</p>	<p>4.1 be able to participate actively in a research group working on an academic project</p> <p>4.2 be able to work with other students and lecturers on an academic project</p> <p>4.3 be able to participate in international academic debate in the chosen area of specialization and to present an academic problem convincingly in appropriate English, both orally and in writing</p>
<p>Learning Skills Have the learning skills to allow them to continue to study in a manner that may be largely self-directed or autonomous.</p>	<p>5.1 be able to keep abreast of the latest developments in linguistics and broaden and deepen their own knowledge and understanding</p> <p>5.2 be able to reflect on the implications of one's work for the development of linguistic theories</p>

See appendix 1 for the *Matrix of realized learning outcomes / course units* in the degree programme.

Article 3.3 - Language of instruction

1. The degree programme is taught in *English*.
2. The thesis/final assignment must be written in English. A thesis/final assignment may only be written in a language other than English, if the Board of Examiners has given permission to do so.

Article 3.4 – Specializations

The Research Master has the following tracks:

No.	Track
1	Language and Cognition
2	Language and Communication Technologies
3	Clinical Linguistics*

*The Clinical Linguistics track is discussed in a separate document.

Article 3.5 – Content of the curriculum

1. The Master's specialization comprises the following course units with their related student workloads:

Language and Cognition

No.	Course unit	Student workload in ECTS	Compulsory
1	Basic Statistics	5 ECTS	C
2	Corpus Linguistics	5 ECTS	C
3	Linguistic Analysis	10 ECTS	C
4	Designing your Research Project	5 ECTS	C
5	LOT Course 1	5 ECTS	C
6	LOT Course 2	5 ECTS	C
7	Course units (30 ECTS) to be selected from:		
	- Discourse Analysis	10 ECTS	
	- Experimental Pragmatics	5 ECTS	
	- Language, Brain and Cognition	10 ECTS	
	- Methodology and Statistics for Linguistic Research (GSH)	10 ECTS	
	- Summer School/Winter School/Tutorial*	5 or 10 ECTS	
	- Language Development	10 ECTS	
	- Debates in Linguistics	10 ECTS	
	- Writing: Context, Process and Text	10 ECTS	
	or other relevant course units in consultation with the <i>Director of Studies</i> and with permission from the Board of Examiners		
8	Research Training	5 or 10 ECTS	
9	Research Internship in Linguistics	25 ECTS	C
10	Research Master Thesis in Linguistics, including Thesis Class**	30 ECTS	C

* Tutorials need to be approved by the Board of Examiners through a tutorial contract form.

** Thesis class is only offered in the spring, so students writing their thesis in the fall are exempt from this requirement.

Language and Communication Technologies

No.	Course unit	Student workload in ECTS	Compulsory
1	Basic Statistics	5 ECTS	C
2	Corpus Linguistics	5 ECTS	C
3	Linguistic Theory	10 ECTS	C
4	Course units (70 ECTS) to be selected from:		
	- Designing your Research Project	5 ECTS	
	- Experimental Pragmatics	10 ECTS	
	- Language, Brain and Cognition	10 ECTS	
	- Methodology and Statistics for Linguistic Research (GSH)	10 ECTS	
	- Summer School/Winter School/Tutorial	5 or 10 ECTS	
	- Computer-Mediated Communication	10 ECTS	
	- Natural Language Processing	5 ECTS	
	- Semantic Web Technology	5 ECTS	
	- Learning from Data	5 ECTS	
	- Computational Semantics	5 ECTS	
	- Multichannel Management	5 ECTS	
	- Language Technology Project	5 ECTS	
	- Shared Task Information Science	5 ECTS	
	- Machine Learning (FSE)	5 ECTS	
	- Web and Cloud Computing (FSE)	5 ECTS	
	- Language Modelling (FSE)	5 ECTS	
	- Computational Simulations of Language (FSE)	5 ECTS	
	or relevant course units at a different university within the consortium, in consultation with the <i>Director of Studies</i> and with permission from the Board of Examiners		
5	Research Master Thesis in Language and Communication Technologies	30 ECTS	C

All course units are listed in the online course catalogue OCASYS.

- The modes of instruction and assessment for the course units listed above are set out in the syllabus of each individual course unit and the assessment plan of the degree programme.

Section 4 Tests and examinations of the degree programme

Article 4.1 – Compulsory order

The examinations for the course units listed below may not be taken before the examinations for the associated course units have been passed:

Language and Cognition

No.	Course unit	No.	After passing course unit
9	Research Internship in Linguistics	1 2 3	Basic Statistics, Corpus Linguistics, Linguistic Theory
10	Research Master Thesis in Linguistics, including Thesis Class	1 2 3	Basic Statistics, Corpus Linguistics, Linguistic Theory

Language and Communication Technologies

No.	Course unit	No.	After passing course unit
5	Research Master Thesis in Language and Communication Technologies	1	Basic Statistics,
		2	Corpus Linguistics,
		3	Linguistic Theory

Section 5 Transitional and final provisions

Article 5.1 – Amendments

1. Any amendments to part A of these Regulations will, after discussion with and where necessary approval from the Faculty Council, be confirmed by the Faculty Board in a separate decree.
2. Any amendments to part B of these Regulations will, after the Cluster Board has put its case, following the recommendation by and/or upon the approval of the Programme Committee and the Faculty Council, be confirmed by the Faculty Board in a separate decree.
3. Any amendments to these Regulations will not apply to the current academic year, unless it may reasonably be assumed that the amendment in question will not harm the interests of students.
4. In addition, an amendment may not influence any other decision concerning a student taken by the Board of Examiners under these Regulations to the disadvantage of students.

Article 5.2 – Publication

1. The Faculty Board shall duly publish these Regulations, any rules and guidelines formulated by the Board of Examiners, and any amendments to these documents.
2. Copies of the documents referred to in Article 5.2.1 are available from the Faculty Office. These documents can also be found on the Faculty website via the Student Portal.

Article 5.3 – Date of commencement

These Regulations shall take effect on 1 September 2019.

These Regulations were decreed by the Board of the Faculty of Arts on 13 August 2019 and approved by the Faculty Council and the Programme Committee where required on.
