# Better Together?

## Evolution of within-and between-species cooperation

- 9:15 Coffee
- 9:30 - 10:00 **Kevin Foster, University of Oxford**  
Social evolution in microbes
- 10:00 - 10:30 **David Nash, University of Copenhagen**  
Lycaenid butterflies and ants: the mutualism-parasitism continuum
- 10:30 Coffee
- 10:45 - 11:15 **Jacobus (Koos) J. Boomsma, University of Copenhagen**  
The evolutionary management of antibiotics production:  
The skin-deep bacterial cultures of fungus-growing ants
- 11:15 - 11:45 **Duur Aanen, Wageningen University**  
Fungus-growing termites: lessons for domestication?
- 11:45 - 12:15 **Aniek Ivens, University of Groningen**  
The evolutionary ecology of (farming) mutualism

A mini-symposium to mark the PhD-defence of Aniek Ivens.  
Location: **Linnaeusborg**, room 5171- 415 ("het OOG")

The PhD-defence of Aniek Ivens will be  
at 16:15 at the Academic Building.
