

Symposium

Sexual Selection & Sex Allocation

Friday January 18, 09:45-13:00

Room 5171.0415, Linnaeusborg – Zernike, Groningen

9:45 – 10:10 Joris Koene (VU Amsterdam)
Accessory gland proteins affect male and female reproductive investment in a hermaphrodite

10:10 – 10:35 Andrew Pomiankowski (UCL)
The evolution of two sexes

10:35 – 11:00 Lukas Schärer (Basel)
Phenotypic engineering to study sex in a simultaneous hermaphrodite

11:00 – 11:25 Klaus Reinhold (Bielefeld)
*Phenotypic plasticity in the grasshopper *Chorthippus biguttulus**

11:40 – 12:05 Tobias Uller (Oxford)
Evolutionary transitions between sex-determining systems

12:05 – 12:30 Göran Arnqvist (Uppsala)
Sexual coevolution and the evolution of male genital morphology

12:30 – 12:55 Bram Kuijper (Groningen)
Parent-offspring conflict over condition-dependent sex allocation

16:15 Academieggebouw: PhD-defense Bram Kuijper
Sexual Selection & Sex Allocation
