

Car park behind the University Ambulatorium Groningen (UAG)

There is a car park in the Nieuwe Kijk in 't Jatstraat, which is a one-way street. You can reach the car park through a gate on the right-hand side of the street, right next to the building of the Dionysos study association (Nieuwe Kijk in 't Jatstraat 58). The gate is opposite the entrance to the Borgmanschool, a school building with yellow window frames.

Please press the intercom button at the gate and tell the porter that you want to visit the UAG. He or she will then lower the bollard for you. Several parking spaces on the left are specially reserved for visitors, but you are also welcome to take any other free space. The bollard will lower automatically when you leave the car park.

If you have any trouble finding the UAG, please call 050-3636464 (available until 4 p.m.) and we will give you directions. You can also call the porters on 050-3636314 if there is no-one available at the UAG secretariat – they will also be able to help you.

We look forward to welcoming you to the UAG!

Kind regards,

**Margreet Degen
UAG secretary**
