Dear George

We would like to congratulate you on the nomination for Teacher of the Year 2016-2017. In the last couple of weeks, students from the whole physics department chose you as one of the nominees for the teacher award this year.

As part of this tradition, you are invited to compete against the other nominees in a small lecture/presentation in a theme we will announce shortly. The date has been set on **08/02/2018** and we would like to invite you to join us in this celebration. From **15:00 till 17:00** we will let the teachers compete and at the end, the students there can vote on their favourite teacher. Location and theme is yet to be announced.

Please let us know if you will be attending as soon as possible and congratulations on the nomination,

Sincerely,

The Program committee of (Applied) Physics
